

Inaugural Student Success Learning Institute

February 26, 2018
University of Central Missouri
Elliott Student Union, Room 240 (Ballroom)

Data Dashboards and Analytics to Foster Student Success

By the end of the day, we will have:

- *A shared understanding of how data dashboards and analytics can be used to strengthen support for low-income students, first-generation students and students of color.*
- *Individually identified at least one strategy or idea we can implement on our own campuses or within our own organizations to strengthen student success using data and analytics.*
- *Begun to create a learning network of colleagues committed to eliminating equity gaps in degree completion.*

AGENDA

10:00 – 10:05 Welcome to Campus (5 min)
