Without the supports like remediation, transportation, supplies, and having a case manager for support through HITE, I would not have completed Medical Assistant training.

Alexis, SLATE HPOG Participant

Many of the people we see have many barriers, little to no income, no support system, and in a lot of cases, lost all hope on their goals. Being able to see an individual go from that to smiling because they have completed training and have a career that will provide for them is so rewarding as a Case Manager.

Amy Pollard, SLATE HPOG Case Manager

A person can tell when you are teaching from the heart or just for the paycheck. Thanks for everything...you guys are definitely a blessing to us.
